Downloadable sample files for Windows.Hello,My first question. I'm working with the exported game data from a cracked version of GTA:LCS. I can't find it in the games or userdata. I don't know what the default name is for the exported game data or if it is saved there. So, as the name suggests, could someone tell me how to download the file? Hi, is there a way to extract the custom models for carparks (SanAndreas, Spark, 1 BV500E, etc.) from the free carparker version found in the binary's? In the original GTA3, there were custom models for all the cars in the game and they were quite spectacular. I only have the standard models, i.e., the ones

available from the models menu. I've already tried installing the carparker, but the models aren't on the list. How can I obtain the custom models? - Mike I have an issue with a powerful cracker Im interested in if anyone knows their way around it. i have to setup a RADIOS control, communicate with it etc. I know even that would take some time to learn but its more of a challenge Im after. Is there any version of the the R3D.WAD files that you could send me a link to or something? I've tried cracking it. it wasnt just a cracked.WAD - i believe it was also a.pak Im using the Game Crack CHEATS EDITOR 6d1f23a050
